

WELCOME TO AUSTIN!

Thank you for considering Austin Rowing Club for your Winter/Spring Training Site:

ARC can provide your crew with a fun, safe rowing experience in preparation for a successful spring season. With miles of peaceful, motor-boat free waterways, several hotels and restaurants within walking distance of the club, and a warm-weather climate, it's no wonder Rowing News Magazine voted Austin one of the top-10 places to row in America.

ARC books early for the months of January through April, so please be sure to contact us well ahead of your trip. ARC is unable to make reservations in 2018 between March 7th and 19th due to prior contractual obligations with the City of Austin.

If you have any questions, our staff can be reached at info@austinrowing.org or call 512-472-0726.

FACILITIES

Austin Rowing Club operates from Waller Creek Boathouse on Lady Bird Lake in downtown Austin, Texas. Our five boat bays host Austin Rowing Club's fleet of well maintained club boats, various private boats, oars and our sport partners offering kayak and stand-up-paddle rentals. Locker rooms, showers and indoor training/meeting space (with over 20 Concept2 ergs) upstairs in a secure, climate controlled, modern facility. There is a TV and DVD player available for video review and ample space for stretching and team meetings. A cafe offers healthy and high quality food and beverage choices in a dedicated space inside the boathouse.

CLIMATE AND WATER CONDITIONS

Austin's Lady Bird Lake offers a round trip of about 18 kilometers of protected water between Longhorn Dam and Redbud Island. Please see our website, AustinRowing.org for maps of the waterway, including traffic pattern information. Our mild winter and spring climate affords rowers year-round rowing opportunities.

AVAILABLE PRACTICE TIMES

When using Austin Rowing Club facilities, launches, or shells, visiting crew practice times are limited to following hours:

Weekdays: 7:30 am to 4:00 pm

Saturdays: 2:00 pm to 6:00 pm

Sundays: 12:00 pm to 6:00 pm

These hours allow ARC to continue its own programming while still affording visiting crews regular practice opportunities. Outside of these hours there is no guarantee of facility, launch or shell availability, but exceptions are possible. We encourage crews to schedule land workouts during the unavailable weekend hours.

SCHEDULE OF FEES

66+	6	\$1200	\$1350	\$350	\$3000

Our prices reflect an all-inclusive approach to reserving equipment. You do not need to decide specifically how many types of each rowing shell you need until the weeks leading up to your trip. We understand that your team's needs may change from the time you make a reservation to the time they arrive – we only need to know how many athletes you will be bringing, or how many launches you need, and the number of days you will be training.

We are happy to provide additional launches for rent. Crews bringing their own equipment will have a cost ceiling depending on group size – we have more information on request if you plan to bring your own trailer, boats and launches.
